

Bula Family!

Here at Malolo Island Resort, we pride ourselves on using the freshest and healthiest options for children. However, as it is a holiday, we also like to spoil the little ones by offering a wide choice of options across our dining venues.

Children with food allergies or special dietary needs are catered for as well. Please just enquire with one of our food & beverage staff or ask to speak to a chef, and they will gladly assist.

Our "Kids Eat Free" buffet is designated to the Terrace Restaurant only and at specific times. These correspond with our amazing Tia's Treehouse Kids Club activities, allowing the kids to experience the most from our island resort with their new friends whilst allowing parents some time for themselves - as it's not only the children who need spoiling.

We also offer a full A la Carte children's menu at both Terrace and Beach Bar restaurants if there is nothing on our "Kids Eat Free" menu that appeals to your kids' taste buds, however, these meals will be charged as per the menu prices.

Kids Eat Free Buffet Meal Times
