

Bula!

## NOTIFICATION OF ADULTS POOL MAINTENANCE WORKS: 14<sup>TH</sup> OCTOBER TO 30<sup>TH</sup> NOVEMBER 2024

During the above dates, we will be removing the decking around the adults pool and replacing it with beautiful new paving. Details as follows:

- **All works will happen overnight between the hours of 9:30pm to 7am to ensure the least disruption to guests**
- The pool decking will be removed in sections.
- The adults pool **will not be closed during the works**, however when a section is being worked on, guests will not be able to access the pool through that particular area, but an alternative access point will be available.
- Cutting of pavers will be done back-of-house at the engineering warehouse to minimize any noise
- The paving will start from the top of the pool bar working across the restaurant building dual staircase and proceed towards the boutique pathway entrance
- When doing the 1<sup>st</sup> section, the access to the restaurants from the Kids Club walkway will be restricted.
- When doing the section in front of the restaurant dual staircase, one staircase will be blocked at a time - but access will always be possible
- When completing the last section, the access from the boutique walkway will be restricted.
- There will be the occasional movement of workmen in and around the affected area

Below is an image showing the various access points as mentioned above. Here is also [the link to our overall resort plan](#) for context.

We look forward to welcoming you to an enhanced adults pool-side experience.

Vinaka vaka levu (thank you very much)

Team Malolo
